Music Mentors is a community service organization created and run by Crystal Lake Area high school students. High school volunteers provide FREE half hour mentoring sessions for 7 weeks over the summer to 5th through 8th grade students who are currently enrolled in their school band program. Mentees receive encouragement and valuable practice with a high school student who is passionate about their instrument. Mentors support the work of their teachers and seek to inspire younger students to continue in music throughout their lives.
